On behalf of the Hong Kong Society for Education in Art (HKSEA), I am writing to invite you to participate in the Hong Kong Visual Arts Education Festival 2020. It would be an honour for us and of the great benefit to the art education community here if we could present students' artworks and teachers' work of your country along with those from other countries.

HKSEA, a member of International Society for Education through Art (InSEA), is a registered charitable non-profit organisation founded in 1992. We aim at increasing public awareness of the significance of visual arts education and cultivating the creativity and artistic sensibility of the young generation. Our annual Hong Kong Visual Arts Education Festival is one of the most important visual arts education events in Hong Kong, attracting as many as 4,000 visitors within the one-week exhibition period last year. This year, the festival will have 4 exhibition sessions and we cordially invite you to participate in two of them: Exhibition of Visual Arts e-Learning in Hong Kong and Overseas Schools and International Student Art Exhibition: Mail Art.

'Exhibition of Visual Arts e-Learning in Hong Kong and Overseas schools' is a new introduced session this year in response to the COVID-19 outbreak. To review the fruitful work of online teaching done by elementary, middle school and high school visual art teachers during school closures, we would like to collect outstanding online teaching plans, materials or resources designed by individual visual arts educators, as well as students' artworks, to demonstrate a whole new teaching and learning outlook worldwide under the pandemic; International Student Art Exhibition is a session first introduced in 2018 with participants from 10 countries, aspires, in particular, to foster visual exchange between Hong Kong and overseas students. The theme of this year is 'Mail Art' and we welcome all students from kindergarten to college/university outside Hong Kong to join. Date and venue of the exhibition are as follows:

Date: 22nd to 29th December 2020

Venue: Hong Kong City Hall

All participants, including participated students, will be awarded certificates of participation, which will be sent together with a few exhibition catalogues to their schools/organisations after the event.

For interested parties, please see the attachment for more details (including submission guidelines) and email us at christineho@hksea.org.hk (Project Officer: Christine Ho) for further inquiries or submission. We look forward to hearing your favourable reply.
